

FAIZA SOHAIL

Final-Year Computer Science Undergraduate
Karachi, Pakistan | +92 318 1246079 | faizasohail477@gmail.com
[Portfolio](#) | [LinkedIn](#) | [GitHub](#)

SUMMARY

Final-year Computer Science student (DHA Suffa University) with a primary focus on web development and hands-on experience across the full software development lifecycle. Proficient in JavaScript, Node.js, Express.js, PostgreSQL, MySQL, and C#, with practical exposure to Python and AI-assisted development. Led a cross-functional team from requirements gathering through delivery on a full-stack real estate platform, combining strong technical execution with proven leadership, ownership, and communication skills. Currently completing a remote web development internship and seeking opportunities to build scalable web applications and contribute to production-ready software solutions.

EDUCATION

Bachelor of Science in Computer Science <i>DHA Suffa University, Karachi (Final Year)</i>	2023 – Present
Intermediate (Pre-Engineering) <i>TCF College Qayyumabad, Karachi</i>	2021 – 2023
Matriculation (Biology) <i>TCF School, Karachi</i>	2020 – 2021

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript
Backend: Node.js, Express.js
Databases: PostgreSQL, MySQL, SQL
Languages: C, C#, Python, Javascript
AI/ML: Google Colab, Scikit-learn, NumPy, Pandas
Tools & Platforms: Git, GitHub, Vercel, Canva, CapCut
Soft Skills: Leadership, Initiative & Ownership, Communication, Teamwork, Adaptability, Problem-Solving

EXPERIENCE

Web Development Intern (Remote) <i>NextGen Learners</i> - Contributing to the development of the NextGen Learners website through a 4-week remote internship. - Completing weekly coding tasks by implementing assigned features for the NextGen Learners website. - Collaborating in a remote team environment while meeting weekly project milestones.	Jul 2026 – Present
Virtual Web Development Intern (Remote) <i>Arch Technologies</i> - Completed monthly web development assignments as part of a structured remote internship program. - Developed responsive web pages and task-based mini projects using HTML, CSS, and JavaScript. - Applied version control with Git and followed real-world web development workflows. - Improved problem-solving and debugging skills through hands-on development tasks.	Jun – Jul 2026
Tutor <i>Coaching Center, Karachi</i> - Mentored 30+ secondary and higher secondary students in Computer Science. - Assisted students in understanding curriculum-based concepts and preparing for examinations.	Dec 2025 – Present

PROJECTS

Shuqran Real Estate & Construction Portal — Group Project, Team Lead

Tech Stack: HTML, CSS, JavaScript, Node.js, Express.js, PostgreSQL

- Led a cross-functional team of 5 members by planning tasks, assigning responsibilities, and tracking progress to ensure timely project completion.
- Collaborated directly with the client to gather requirements and translate business needs into technical solutions.
- Designed the complete Software Requirements Specification (SRS), including use cases, workflow diagrams, and Entity Relationship Diagram (ERD).
- Developed the frontend interface, PostgreSQL database, and secure admin authentication with a dedicated admin dashboard for property management.
- Implemented property listing, search/filtering, and construction request management features.
- Used Git and AI-assisted development tools to improve productivity while maintaining code quality and documentation.
- Delivered the completed project to the client within the agreed timeline after successful academic evaluation.

Vehicle Management & Registration System

Tech Stack: C#, .NET WinForms, SQL

- Developed a desktop application for vehicle registration and record management.
- Implemented database-driven operations for storing and managing vehicle records.

CERTIFICATIONS & EXTRACURRICULAR ACTIVITIES

Certifications

Lloyds Banking Group UX Design Introduction Job Simulation — Forage:

- Completed a UX design job simulation involving user research, competitor analysis, user survey evaluation, and user-centered design practices.

TCF Alumni Ambassador

The Citizens Foundation (TCF)

- Conduct career guidance and outreach sessions for Grade 9–10 students, helping them choose academic and career paths based on their interests and strengths
- Guide students on university admissions, eligibility criteria, required academic percentages, and higher education opportunities.
- Educate students about TCF scholarship programs, application processes, and academic planning to support informed career decisions.
